

For Immediate Release, January 22, 2009

News Release

Lancaster, Pennsylvania, U.S.A, January 22, 2009: Connectedsign LLC, a leading Digital Signage Integration firm providing end-to-end Digital Signage solutions to clients throughout the United States and Canada, has expanded into new offices at 120A West Airport Road in Lititz Pennsylvania. 2008 was a great year for Connectedsign and our new offices will aid us in our continued commitment to providing our customers and partners with the best Digital Signage solutions on the market.

Loren Bucklin, President of Connectedsign, commented, "While many industries faced economic challenges in 2008, Digital Signage provides companies with a fresh alternative to communicate with customers and employees. We are pleased to welcome our many new clients to the Connectedsign family and look forward to serving their Digital Signage needs in 2009."
