## ConnectedSign, LLC introduces Hybrid Hosted Solution

Lancaster, Pennsylvania, U.S.A, March 19, 2009: ConnectedSign, a leading integrator of Digital Signage systems has introduced a unique hosted Digital Signage solution for it's customers.

Loren Bucklin, ConnectedSign President says: "We have provided turnkey solutions for our customers for the past sixteen years and a Hybrid Hosted offering is just what many customers need. Using our product customers can rent the player software and use a web browser based management interface to manage their systems."

The ConnectedSign solution has many powerful features and can be custom configured to address a particular customer's requirement. "What makes our solution unique says Bucklin, is that we are able to combine our content creation services and content management into a monthly or quarterly package and price that will make any project a success."

### About ConnectedSign

ConnectedSign has over sixteen years of experience planning, deploying and managing digital sign systems and kiosk networks. ConnectedSign provides an end-to-end solution for businesses that are serious about using Digital Signage in their operations.
